What is an Internship?

“An internship is a form of experiential learning that integrates knowledge and theory learned in the classroom with practical application and skills development in a professional setting. Interships give students the opportunity to gain valuable applied experience and make connections in professional fields they are considering for career paths; and give employers the opportunity to guide and evaluate talent.”

-National Association of Colleges and Employers (NACE), 2011

Benefits of Internships:

- Gain career related experience
- Explore careers or solidify career choices
- Increase knowledge and skills
- Test classroom theories in the “real world”
- Contribute to an organization/company
- Network and make contacts
- Obtain on-the-job training

How to Make the Most of the Job & Internship Fair

Before the Job & Internship Fair

- **Research** the companies participating in the fair. Review corporate profiles and employment information in the Guide.
- Prepare a one-minute “commercial” to: introduce yourself, demonstrate that you know something about the company, express why you’re interested in working for them, and how your skills relate to what you know about the company’s needs.
- Be prepared with **questions** to ask employers. Practice out loud!
- Know the general types of positions in which you have an interest and where you want to go with your career.
- Have a **resume** that’s digestible in one minute’s reading by busy employers.
- **Be organized!** Prepare a list of employers to visit during the fair.

During the Job & Internship Fair

- **Business professional attire** is suggested. Please look neat and polished. Recruiters will remember you!
- Make **eye contact** when introducing yourself to employers. Shake hands firmly and pay close attention to what the representative is saying.
- **Ask questions** about the company and current employment opportunities.
- **Be enthusiastic!** Smile and project interest in the company.
- Ask representatives for their **business cards**.
- Ask how you should best **follow up**, and who the contact person is.
- **Make notes** as you leave each company you’re interested in. You want to be prepared if you have further contact with a company representative.

After the Job & Internship Fair

- **Send a thank you** and another copy of your resume to employer representatives of particular interest to you. In your note briefly describe an additional strength of yours that didn’t get to mention at the fair and restate your interest in interviewing with them.
- **Be prepared to interview** with organizations of interest after the *Fair*. Several organizations will conduct on-campus interviews at the career services office on campus after the *Fair*. If you sign up for an interview at the *Fair*, make sure you know where your interview will take place.
